

As amended 9/18/97

WORT Participation in Non-WORT Events and Causes

The WORT Board of Directors encourages all individuals within the WORT community to be active in community events and issues. The Board as a whole, however, in representing the interests of the many and diverse individuals in the station's community, shall not join any organization or sign onto any proposition, petition, cause, or concern unless it is directly related to the station's mission statement. The decision to sign onto any proposition, petition, cause, or concern that is directly related to the station's mission statement shall be approved by the Board.
